

YIELD TANK 3785L (SL1000)

Master your mud mixing with the Performix® Mixing System.

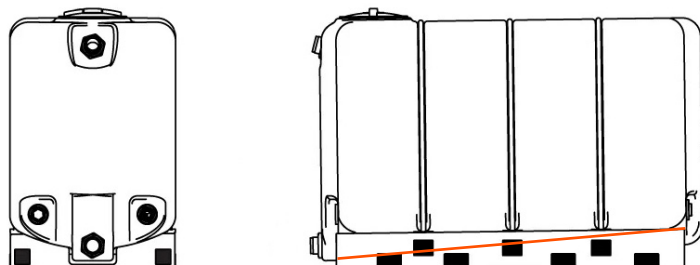

Featuring four highly efficient tank jets to yield your drilling fluid quickly and effectively

SPECIFICATIONS:

-  Urethane paint on steel components.
76mm full port bungs
-  Shut-off valves on the suction and discharge ports
-  3,785 L tanks have a mixing circuit with **four tank jets** to deliver a fast and thorough yield

76mm high volume drain to empty valve means no left over mud in the tank.
